FLORISTS' WHOLESALE LIST of Seeds, Bulbs, Dormant Plants and Supplies

TO THE TRADE

CONSTANTLY increasing business brings with it a demand for additions to almost every line of stock. Under the separate heads of **Flower Seeds, Bulbs, Dormant Plants and Sundries** will be found a number of new introductions, as well as the time-tried stand-bys. The prices have been revised and supersede all others in previous lists.

It is our endeavor to get stock to you at the right time. **YOU** can assist us by making your purchases early. Delayed orders sometimes arrive when our supply is depleted, and occasionally sold out.

As heretofore, **QUALITY** with us is the first consideration. With full stocks and every facility to execute your orders carefully and well, we ask the pleasure of supplying your needs.

WHILE we exercise great care to have all Seeds, Bulbs and Plants pure and reliable, we give no warranty, express or implied, as to description, quality and productiveness, or any other matter, of any Seeds, Bulbs and Plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

THE W. W. BARNARD CO.

TERMS OF SALE

ALL general bills of Flower Seeds, Bulbs, Plants and Supplies (except as otherwise stated) are payable 60 days from date of invoice, subject to 2 per cent discount from prices in this book for cash in 10 days.

Fertilizers, Grass Seeds, Green, Holly, Tin Foil, net cash and subject to fluctuations of market.

Special terms, when desired, will be made by correspondence on large orders. Unknown correspondents desiring credit are requested to furnish satisfactory references. C. O. D. orders should be accompanied by one-third of amount of purchase.

Shipping Directions should accompany each order. State definitely if you wish us to send by express or freight. In absence of instructions we reserve right as to route and manner of transportation.

No charge for packing, cartage nor delivery to any transportation company in Chicago.

GRASS SEED FOR LAWNS, PLEASURE GROUNDS, ETC.

"Perpetual Green" Lawn Mixture

A combination of various native and foreign dwarf-growing, fine-leaved grasses, carefully balanced and blended, with a view of producing a turf that will retain its rich green color throughout the entire season. This is our standard mixture that we have sold for years to parks, cemeteries and large private estates. Put up in $\frac{1}{2}$ -lb. and 1-lb. cartons; also in 5, 7 and 14-lb. cloth bags. Price, in cartons, per lb., 18c; in bulk, 17c. Retail price, lb., 30c.

Choice Mixture

While containing fewer and less expensive grasses than our "Perpetual Green," this is a good, well-balanced mixture which we do not hesitate to recommend. Same containers as above. Price, in cartons, per lb., 13c; in bulk, 12c. Retail price, lb., 25c.

Barnards' "Special" Lawn Mixture

This mixture is composed of grasses selected irrespective of cost as representing the best low-growing, narrow-leaved varieties of fine texture and color. In preparing this "Special" mixture only seeds of the highest grades and extra heavy weight are employed. It costs more, but "it's worth more." Seeded liberally upon good ground, well prepared, a lawn of the very highest excellence will result. In bulk only, per lb., 25c. Retail price, lb., 40c.

Terrace Mixture of Grasses

For seeding side hills, terraces, embankments, etc. A mixture of grasses whose roots penetrate deeply and bind the soil. When sowing, add to the mixture about one-fifth part of oats, which holds the soil together until the grasses have made a good start. In bulk only, per lb., 20c. Retail, lb., 30c.

Shady Place Mixture

Made up of grasses selected for locations shaded by trees or buildings. In lb. carton, 25c; bulk, 23c. Retail price, lb., 35c.

Putting Green Mixture

This mixture is intended not only for putting greens, but for all lawns that are to be used as pleasure grounds and necessarily requiring a fine, dense turf—one capable of withstanding constant wear. With this in view, after experimenting with several combinations of the best fine-leaved, low-growing grasses, we selected those which, rightfully proportioned together, produced just the results we were endeavoring to obtain. We have furnished some of the best known golf clubs in the vicinity of Chicago with this mixture and it has given splendid results. Price, per pound, 35c; 5 lbs. for \$1.50. Retail price, lb., 45c.

Mixture for Quick Effect

There is considerable demand for a grass seed that will produce a quick-growing turf. For this purpose we have prepared a mixture of a few strong-germinating, vigorous-growing grasses, which will produce a turf of fair quality within a few weeks after seeding. The grasses in this mixture are mostly annuals or biennials, and such a turf could be relied upon only for one or two seasons. A permanent lawn could be secured, however, by re-seeding at any time with any of our other mixtures. In carton, 11 cts.; in bulk, lb., 10 cts. Retail, lb., 20 cts.

White Clover

Very scarce this season. Extra fancy quality. Lb., 50 cts.; 5 lbs. for \$2.25. Retail price, per lb., 75 cts.

Flower Seed Department

It is generally conceded that choice flowers, marketed early, not only sell easily but bring the top price on the market. These conditions, so much to be desired by every producer of flowers, have their foundation in seeds something better than the ordinary strains in commerce. Our long business relations with reliable seed growers enables us to secure their best stocks. We offer quality seeds, second to none and equal to any.

PREPAID.—We prepay postage on all flower seeds in trade packets and ounces. Postage extra on one-fourth pound or over. Rate, 8 cents per pound.

TERMS and CASH DISCOUNT.—All general bills of Seeds are payable 60 days from date of invoice. On Flower Seeds a special discount of 10 per cent is granted when cash accompanies the order.

TRADE PACKETS contain liberal quantities in proportion with the price per ounce, and are sent on all orders unless otherwise specified. Where smaller quantities than Trade Packets are desired, Retail Packets may be ordered at a discount of 33½ per cent from retail prices.

ASTERS of Superior Quality

For several years we have been making trials at our nursery of the many classes and strains of Asters now in cultivation. We believe the list which follows contains the choicest sorts. The seed we send out was grown by experienced specialists both at home and abroad—some of it under our personal supervision. Seed of highest quality is cheapest in the end. We handle none other than the best.

Note.—Asters are priced by Trade Packet, $\frac{1}{4}$ oz. and oz. Carlson's and some others by $\frac{1}{8}$ oz. and oz.

Carlson's Improved or Invincible

Plants of branching habit, bearing paeony-formed flowers of large size and fine substance. Healthy; prolific; in bloom until checked by frost.

The seed we sell was grown by originator.

White.	Light pink.	Lavender.
Rose pink.	Dark blue.	Crimson.

The DAYBREAK Group

Every florist who has grown the beautiful Asters, Daybreak and Purity, will hail with pleasure the opportunity now afforded to secure completely new colors in this fine class.

DAYBREAK. One of the most beautiful Asters in existence. In color a delicate shell pink. Trade pkt. 20c.

PURITY. This snow white Aster is similar to Daybreak, except in color. Trade pkt. 20c.; $\frac{1}{4}$ oz. 50c.

SALMON KING. Color is novel and pleasing shade, bright enough to be conspicuous. Trade pkt. 20c.

ROSE KING. Trade pkt. 20c.; $\frac{1}{4}$ oz. 50c.

LEMON DROP. A yellow one at last! It is a decided yellow. Flowers not quite so large as its parent, Daybreak. Trade pkt. 20c.; $\frac{1}{8}$ oz. 45c.

ROSY MORN. Large, well-formed flowers of a handsome shade of rose. One of the best of the group. Trade pkt. 20c.; $\frac{1}{8}$ oz. 40c.

LAVENDER GEM. Loose flowers of that pleasing shade of lavender so much admired. Trade pkt. 20c.; $\frac{1}{8}$ oz. 50c.

VIOLET KING. In color is a soft violet lilac. In form the flower is entirely distinct, petals somewhat quilled but large and broad. Round. Trade pkt. 20c.; $\frac{1}{8}$ oz. 30c.

Other Varieties of Asters

TRIUMPH OF PARIS. New. Produces flowers four to six inches across, with long, pure white outer petals, in the center the quilled florets form a bright golden wreath. Trade pkt. 20c.

CACTUS. Carmine flowers with twisted petals. Cut flowers are very lasting. Trade pkt. 25c.

CARDINAL. In growth resembling the Branching Aster, but a little more dwarf; in color a beautiful shade of cardinal. Commences to bloom in August. Trade pkt. 20c.; $\frac{1}{4}$ oz. 75c.

CRIMSON GIANT. A splendid upright-growing sort, producing very large, well-formed, dark-crimson flowers. Its brilliancy of color and erect habit make it desirable for garden culture. Trade pkt. 20c.; $\frac{1}{8}$ oz. 40c.

ASTER, PINK ENCHANTRESS

The flower is always full double; petals are of medium length and very broad. Those toward the center fold in, while those toward the outer edge stand out more and more, thus making the bloom develop its exceedingly large size. A grand Aster. Trade pkt. 20c.; $\frac{1}{4}$ oz. 50c.

GIANT COMET, BRANCHING

These have large flowers and long petals.

ASTER, CREGO

Without a doubt, the Crego Asters are the most popular on many markets.

Careful selection and skill have resulted in plants of fine, sturdy growth, well branched. Fluffy, graceful flowers, 4 to 5 inches across. The cut blooms last well. Dark pink, shell-pink, purple, white, mixed. Trade pkt. (about 500 seeds) 20c.; $\frac{1}{4}$ oz. 50c.; oz. \$1.75.

We use only originator's strain of seed.

CREGO ASTER AS GROWN BY ORIGINATOR

Other Varieties of Asters

MIKADO PINK. Of branching habit; flowers of an exquisite shade of shell-pink; the petals are long, narrow and twisted. Trade pkt. 15c.; $\frac{1}{4}$ oz. 40c.

MIKADO WHITE. Trade pkt. 15c.; $\frac{1}{4}$ oz. 40c.

ROYAL PURPLE. Large flowers with full centers and of a rich shade of royal purple. Plants of branching habit and medium to late flowering. Trade pkt. 15c.; $\frac{1}{4}$ oz. 50c.; oz., \$1.50.

ROYAL STRIPE. Of Giant Comet type. Large flowers on long stems. A broad band of violet blue runs the entire length of each petal. A beautiful Aster. Trade pkt. 20c.; $\frac{1}{8}$ oz., 60c.

Pansies Various Named and in Mixtures.

All the Under Mentioned Varieties Can Be Relied Upon as Being True to Description and Color.

Psyche. Very floriferous and perfect in habit. Each flower is elegantly curled and undulate and in every respect a beauty in form and color. The characteristic velvety violet spots or eyes are surrounded with a broad white edge. Comes true from seed. Trade pkt., 25c.

Hero. A fine bedding variety. Crumpled and curled deep blue flowers, the upper petals margined white. Trade pkt., 25c.

"Masterpiece." The nearest approach yet to a double pansy. Petals curled and twisted. Very large flowers more or less blotched and in combinations of color. Trade pkt., 25c.

MADAM PERRET. Flowers from 3 to 3½ inches in diameter. The colors range through all the shades of red, from pink to an occasional bright red edged with white. Trade pkt., 15c.

FAIRY QUEEN. Sky blue, margined with silvery white. Trade pkt., 10c; ½ oz., 30c; oz., \$1.00.

HORTENSIA. Light and dark rose-colored, blotched flowers of giant size. Trade pkt., 20c; ½ oz., 50c.

COQUETTE DE POISSY. Slate or mouse-colored flowers of good size and form. Trade pkt., 10c; ½ oz., 20c; oz., \$1.00.

PANSY, "PSYCHE."

Florists' Pansy Mixture.

WE can best describe this as a combination of seeds of the best named Pansies, secured by us from leading specialists both at home and abroad. In the many years we have supplied this "FLORISTS' MIXTURE," so far as we are aware, it has never failed to prove satisfactory. Our aim is to furnish the best obtainable and to that end no expense is spared. Trade pkt., 25c; ½ oz., \$1; ½ oz., \$3.50; oz., \$7.

Giant Flowered Pansies.

It is poor economy to expect the best results from any other than high grade seeds. We have secured an extra fine quality of Giant Pansy Seed from which, we feel certain, most satisfactory flowers will be obtained.

SWEET PEAS, Spencer Type

This type of Sweet Peas is very largely taking the place of the common or grandiflora sorts. The flowers are larger, often measuring 2 1/2 inches across. Their beautiful waved petals are borne in clusters of 3 or 4 on long, strong stems, adding so much to their value as cut-flowers. For the past several seasons this type could only be had in a few shades and colors, but now, through careful and persistent work of Sweet Pea specialists, we are able to offer the Spencer type in nearly every shade. The varieties that we are listing here are those which we consider the best of their color, and include some of very recent introduction and of special merit.

ORCHID-FLOWERING CANNA

Selected and Best Dahlias for Florists

We wish to call special attention to the free-flowering and early-blooming qualities of these splendid new Dahlias, which make them desirable sorts for florists.

All Dahlias offered on this page are field-grown roots

AUGUSTA NONIN. Decorative. One of the most brilliant Dahlias in existence, the color being a rich, fiery scarlet. Blooms are of the largest size, full in the center and of the best exhibition type. The plants are of free and upright growth, and produce quantities of large flowers, on long, stiff stems, with ease. Doz., \$1.75; 100, \$13.

DELICE. Decorative. The finest Dahlia introduced within the last six years. At no time has any Dahlia created such a world-wide popularity as has this sterling sort, within the last year. In color it is a beautiful shade of rosy pink, suffused with lavender-pink. The flowers are medium in size, of the most perfect decorative form, and are produced in the utmost profusion on long stems and held up well above the foliage. This variety should appeal to every lover of flowers on account of its delicate color. Doz., \$2; 100, \$15.

GOLIATH. Cactus. A monster, yet a sterling good sort, as from early August until frost ended their career, our plants of this continued to produce flowers of surprising size, with perfect centers and on long, strong stems, making them ideal for cutting. The color is yellow, suffused and tinted with reddish salmon. Doz., \$1.40; 100, \$10.

KAISERIN AUGUSTA VICTORIA. Decorative. Another sterling decorative sort that has created quite a sensation. The color is a clear ivory-white, without a shade or blemish; the flowers are large, of perfect form, with immense, broad, flat petals gracefully curved. Doz., \$1.60; 100, \$11.

Mrs. A. H. Goodwin. New Decorative Dahlia. Our own introduction. Pure white with fine lavender center. Petals quilled showing a clear lemon-yellow inside. Each, 50 cts.; doz., \$5.60.

MASTER CARL. The King of the Cactus Dahlias. In this grand variety we have all that can be wanted; its color is a pleasing shade of bright amber, which, combined with its other good qualities, make it unsurpassable for exhibition or garden purposes. Doz., \$1.75; 100, \$12.

MONT BLANC. Decorative. One of the finest varieties it has been our good fortune to list. The color of this sterling novelty is a clear ivory-white, without the usual green center most always noted in white Dahlias. This variety can be used for either garden, cutting or exhibition. Doz., \$2; 100, \$15.

PIUS X. In this we believe we are offering the ideal white Cactus Dahlia, which has been a desideratum for a long time. In habit of growth it is robust and in color a pure snow-white, with flowers from 5 to 6 inches in diameter. Doz., \$1.75; 100, \$12.

PAUL KRUGER. Pæony-flowered. A very pleasing blending of purplish maroon and white. The plant is a very early and prolific bloomer, producing its flowers on extremely long stems. Doz., \$1.75; 100, \$12.

QUEEN WILHELMINA. Pæony-flowered. Immense, fluffy flowers of pure white, with yellow center, the petals being very peculiarly twisted and incurved; the flowers are produced on extra-long stems, making them invaluable for cutting or garden decoration. Doz., \$1.75; 100, \$13.

VIRGINIA MAULE. Decorative. A gem of the most beautiful coloring, being a delicate shade of shell-pink. Plants robust and flower abundantly throughout the season. Doz., \$1.75; 100, \$12.

Stimulates the growth. Small size, each 15 cts., doz. \$1.50; large size, each 25 cts., doz. \$2.50, box of 24 for \$4.50.

CATTLE MANURE, Shredded. Pure, high-quality Cattle Manure in most concentrated and effective form. Supplies carefully selected from brick-paved cattle-pens only. No mixture of other manures. Reduction process takes out the bedding and kills fungi and germs that make trouble in the greenhouse. More economical than stable manure; convenient to keep a stock always on hand for use at best time; easily handled and applied; unequaled for bench and potting soil, liquid manuring and top-dressing. Shredded Cattle Manure is packed direct from the dryers, and is comparatively coarse and rough; suitable for mulching, etc. 100 lbs. \$1.60, 500 lbs. \$6, 1,000 lbs. \$9.50, ton \$18.

CATTLE MANURE, Pulverized. Same material as the Shredded passed through grinders to further reduce it to a finely pulverized product. 100 lbs. \$1.65, 500 lbs. \$6.25, 1,000 lbs. \$10, ton \$19.

DRIED BLOOD. Splendid nitrogenous fertilizer for Roses, Carnations, Mums, Potted Plants, etc. 5 lbs. 40 cts., 10 lbs. 70 cts., 25 lbs. \$1.45, 50 lbs. \$2.25, 100 lbs. \$4.25, 200 lbs. \$8.25, 500 lbs. \$19.25.

HORN SHAVINGS. A valuable and rich fertilizer, used to mix with soil for vases and plant-tubs. 5 lbs. 40 cts., 10 lbs. 70 cts., 25 lbs. \$1.25, 100 lbs. \$4.50.

KAINIT. Contains about 12½ per cent potash. Apply at rate of 1,000 lbs. to the acre. Excellent for either lawn or vegetable-garden.

LAND PLASTER. Particularly valuable as a top-dressing. Apply at the rate of 25 to 50 lbs. to 1,000 square feet. 50 lbs. 65 cts., 100 lbs. \$1, bbl. (about 300 lbs.) \$2.50.

LEAF-MOLD. For florists' use. Bag \$2.25, 6 bags \$12.

MURIATE OF POTASH. A high-grade potash containing about 45 per cent. Apply at the rate of about 1 to 10 lbs. to 1,000 square feet. Should be used with considerable care, as it is a strong chemical fertilizer.

NITRATE OF SODA. A quick-acting fertilizer for all crops, containing about 16 per cent nitrogen. Can be applied at the rate of 1 oz. to 2 gallons of water. 10 lbs. 65 cts., 25 lbs. \$1.45, 50 lbs. \$2.75, 100 lbs. \$5.

PEAT, Orchid. (Fern-root.) Carefully cleaned by hand, and of the highest quality. Bbl. \$2.25. **Azalea Peat.** A well-rotted potting material for mixing with heavy soil. Bbl. \$2.25. (Peat is shipped a barrel to a sack to save transportation charges.)

SHEEP MANURE, Pulverized. Carefully selected and treated to destroy weed seeds and produce a highly concentrated, reliable fertilizer for home use. This is the strongest and best natural fertilizer for lawn and gardens, vegetable- and fruit-growing, and is quick-acting and safe. Valuable for mixing with potting soil and top-dressing. 25 lbs. 60 cts., 50 lbs. \$1, 100 lbs. \$1.75, 500 lbs. \$7.50, 1,000 lbs. \$12, ton \$22.

SULPHATE OF AMMONIA. Rich in nitrogen. 5 lbs. (for 250 square feet of surface soil) 65 cts., 25 lbs. \$2, 100 lbs. \$7.50.

SULPHATE OF POTASH. About 48 per cent of potash. Good for potatoes or small fruits.

VEGETABLE AND LAWN FERTILIZER. An all-round fertilizer for the vegetable-garden and for the lawn. Is a rich, well-balanced fertilizer, with a guaranteed analysis of ammonia 3 per cent, available phosphoric acid 8 per cent, potash 1 per cent, and is used at the rate of about 25 lbs. to 1,000 square feet. Can be used as a top-dressing for old lawns, light applications giving better results than one heavy application. 25 lbs. 95 cts., 50 lbs. \$1.75, 100 lbs. \$3, 200 lbs. \$5.50.

Fumigating Lamps

Eureka No. 3 Fumigator. Galvanized iron. The most popular size, holding one-half bushel of stems. Each \$2.50.

Defiance. All metal. Burns kerosene. Oil-fount and cup for tobacco preparation are both drawn from one piece, so they cannot leak. No glass to break. Each 50 cts.

Nicotide Lamp. A glass fumigator especially designed for Nicotidine, but working equally well with other preparations. Each 65 cts.

Glazing Tools and Materials

Insecticides and Fungicides

Insecticides may be grouped into two classes: First, those for such insects as aphids, scale, red spider, white fly, thrip, mealy bug, etc. These insects damage the plant by sucking the juice, and to combat this group it is necessary to apply a spray which corrodes their bodies or stops their breathing-pores. Sprays of this class must be applied so that the spray will hit the insect, as it is more effective in this way. Another method is to use some form of fumigating material and suffocate them.

The second class of insects embraces those which chew the foliage, such as the caterpillar, currant worm, cucumber beetle, etc. These must be fed a poison which they will take into their stomachs with the leaf.

Special directions will be supplied with the different spray materials for their use. **Prices subject to market.**

APHINE. For plant-sucking insects. Pt. 65 cts., qt. \$1, gal. \$2.50.

APHIS PUNK. Fumigating material which comes in cases, 12 air-tight boxes to a case. Each box contains 12 sheets, 6 x 3 1/2 inches; 3 sheets will fumigate a 100-ft. house. Weight of case, 12 lbs. Box 60 cts., case (12 boxes) \$6.50.

ARSENATE OF LEAD, Paste. Kills leaf-eating insects. This material is especially recommended on account of its adhesiveness to the foliage. It is not washed off by the first rain. 2 lbs. to 50 gallons of water, one tablespoonful to one gallon of water. Lb. 25 cts., 5 lbs. 85 cts., 10 lbs. \$1.60, 25 lbs. \$3.50.

Dry. The dry form is a recent introduction. It has many points to recommend it. It can be used with a powder gun or mixed with water and used as a liquid spray. Equally effective as the paste form. $\frac{1}{2}$ lb. 25 cts., lb. 40 cts., 5 lbs. \$2.

BORDEAUX MIXTURE. Is the best Fungicide for curing such diseases as black-rot, mildew, scab, rust, etc., on both fruits and plants. To meet varying needs, we can supply this mixture in the following form: 1-lb. cartons, each 25 cts.

BULBS

ROOTS

SEEDS

For Fall Planting

BULBS

Each year we import large quantities of *Dutch Bulbs*, *Roman Hyacinths* and *French Narcissi* from the famed growers in Europe; *Lilium longiflorum* and other varieties from Japan, and *Lilium Harrisii* from Bermuda. We secure our supply direct from the growers. Under present conditions we know it will be to your advantage if you place your orders *early*. Give us a list of your requirements and we shall be glad to quote prices.

ROOTS

For several years we have made a specialty of Peonies, having a large tract of land devoted solely to growing the leading commercial sorts. Our Special Collection for Cutting is described in our Autumn Price-List, which will be ready about August 15. Fall is the best time to replant Peonies.

SEEDS

We have an extra-good stock of Pansy seed for summer and fall sowing. Barnard's Florists' Mixture has become famous not only with the growers in Chicago and vicinity, but all over the country, proving to be the equal of any and superior to most Pansy seed mixtures.

Your attention is called to our line of seeds of Perennials. Every season shows an increasing demand for plants that live for several years, and the perennials are increasing in popularity every year. If you are prepared to furnish the plants, you can secure a nice trade and an increased profit.
